Social Work Buildings

Ever wonder where your classmates 180 miles away spend their Saturdays?

Eau Claire site: Human Sciences and Services building

Cindy McMillan, advisor in Eau Claire, holds the Madison School of Social Work door open for a student.

Social Work Month Celebration

Since 1984, March has officially been National Professional Social Work Month. The School of Social Work celebrated at both the Madison and Eau Claire locations by providing treats for students during break.

At the Madison location, treats were provided in the break room. Students enjoyed cookies, clementines, and Badger cupcakes.

At the Eau Claire location, students gathered under a “Celebrate Social Work Month” banner to enjoy cookies and bars, homemade by the Part-Time Program staff.
Advisors Judy Switzky (MSN) and Cindy McMillan (EC) are available to assist you in many areas:

- Information on exemptions
- Course requirements & procedures
- Selecting a concentration of study
- Graduation preparation
- State Certification & Licensure
- When life happens and changes are needed

Want to meet with an advisor after work? Each advisor works at least one evening a week. Advisors would love to meeting with you by phone, Skype, or in person.
Congratulations!

Ashley Hady—Gave birth to Avalyn Mary Hady on March 3. It has been a big adjustment, but she and her husband are loving every moment of being parents!

Kristi Wood—After 12 years of being a foster parent, Kristi and her partner, Shannon, adopted Matt (pictured to the right) in March. Kristi and Shannon’s 18-year-old foster son Chris is graduating from high school in June and will be attending MATC this fall.
