<td>JOB INFORMATION</td>
<td>SUMMARY: The Crisis Unit Clinical Specialist (CS) is responsible for providing culturally competent emergency mental health assessments and interventions for children, youth and adults. Assessments are based on an understanding not only of consumer symptoms, but also of strengths and social/cultural resources. These strengths and resources will be taken into account and utilized as appropriate to assist the individual’s return to a more optimal level of functioning. This position involves mobility throughout the community and working rotating shifts, including overnight on-call shifts, as necessary to enable the program to operate 24 hours a day, seven days as week, 365 days a year. S/he is responsible to the Clinical Team Leaders, the Clinical Team Manager and the Director of Community Services.</td>

RESPONSIBILITIES:
A. CLINICAL
1. Receive and respond to inquiries, requests, and referrals for emergency interventions.
2. Gather sufficient information about the crisis situation to perform initial triage screening, plan for further assessment, or refer to more appropriate community resources. This includes an assessment of current psychiatric symptoms, suicide/homicide risk, and the social and cultural context of the individual. This may involve responding on site in the community with law enforcement.
3. Consult with and provide recommendations to hospitals, police and other mental health and community service providers.
5. Work collaboratively with other JMHC programs, agencies within the community, consumer’s identified supports, and county staff for appropriate planning of consumer care.
6. Develop initial Response Plans and Crisis Plans per DHS 34, utilizing the least restrictive setting, continuum of ESU resources, other outpatient services, or an inpatient setting if appropriate. The Response Plans and Crisis Plans should, whenever possible, reflect an understanding of the individual’s own values and beliefs about his/her current situation and what he/she would find helpful both in the immediate and post-crisis. Interventions should involve the relevant natural support systems when appropriate.
7. Provide face-to-face and telephone crisis counseling and participate in medication consultation. This may occur in the office or in the community.
8. Provide crisis support to other JMHC programs upon request, in emergency situations.
9. Must model openness to consultation that includes routine consultation and sometimes challenging case discussions among crisis staff and supervisors; routine consultation with Emergency Telephone staff; routine consultation with ESU crisis workers, and with JMHC psychiatrists, including the JMHC Medical Director.
10. Obtain prior authorizations for consumer care as necessary based upon consumer coverage.
11. Perform hospital gate keeping functions, including facilitating admissions and discharges.
12. Assist the County Corporation Counsel, police and other relevant parties in the implementation of emergency detentions and three-party petitions.

B. ADMINISTRATIVE
1. Using the JMHC clinical database, record all consumer contacts, complete crisis and response plans and other documentation related to clinical care.
2. Attend staff meetings.
3. Attend all mandatory JMHC in-service training events
4. Participate in JMHC work committees as requested
5. Interpret relevant Wisconsin administrative codes and statutes and use in daily work.

The above statements are not to be interpreted as an exhaustive list, but are intended to describe the general nature and level of work being performed by this employee.

Applications are available:
