Access to Independence is seeking a full-time Assistive Technology/Independent Living Specialist to provide assistive technology, and independent living services for people with disabilities in a four-county region. Qualified Applicants should have the necessary level of education or experience, or an acceptable combination of both. Relevant experience should include work with assistive technology devices and services, durable medical equipment, and have experience with disability. Applicants should have a commitment to the independent living philosophy, and strong communication, problem solving, and time management skills. Applicants must have access to transportation throughout the 4-county service region and beyond.

EOE: Persons with disabilities and minorities encouraged to apply.

Send resume and cover letter by 4:30pm, Wednesday, July 15th to:
