Named one of the nation's "100 Best Companies" to work for by Working Mother magazine, listed among America's top hospitals by U.S. News & World Report, and designated as a Magnet® Hospital, University of Wisconsin Hospital and Clinics offers challenge, growth and a unique opportunity to use your knowledge and experience to the fullest.

We are currently recruiting for a **Program Specialist - Brief Intervention**.

UW Hospital and Clinics currently has an opportunity for a Program Specialist - Brief Intervention. This position is made available through a funding from the Dane County Department of Human Services for the University of Wisconsin Hospitals and Clinics-Adolescent Alcohol and Drug Intervention and Assessment Program (AADAIP). Funding for the project is renewable on an annual basis but it is expected to continue at least through June of 2015.

Under the supervision of the Program Manager, the Brief Intervention Specialist will be trained and provide AODA/mental health: screening; assessment; and brief intervention services to adolescent and their families. The Brief Intervention Specialist is responsible for providing services to a diverse mix (ethnicity, socioeconomic and geographical) of adolescents and their families. Training and supervision will be provided in: screening; assessment; diagnosis; treatment planning; motivational interviewing; and cognitive behavioral therapy. The Brief Intervention (BI) specialist will administer validated screening and assessment tools to adolescents, and provide a “brief intervention” using the Motivational Interviewing and Cognitive Behavioral Therapy to those adolescents and their parents identified as appropriate for this level of care. These services will be provided at the UWHC-AADAIP clinic, as well as at other sites. In addition to providing the Brief Intervention services, the BI specialist will be responsible for coordinating the provision of these services in the identified off-site settings. Location possibilities include but are not limited too: Dane County Juvenile Detention; Dane County Jail; Dane County Human Services Delinquency programs; and alternative schools.

**Minimum Requirements**

Qualifications include a Bachelor’s Degree in social work; counseling; health education or related field. Previous experience must include working with adolescents and their families. Bi-Lingual persons who are fluent in Spanish are encouraged to apply.
