Named one of the nation's "100 Best Companies" to work for by *Working Mother* magazine, listed among America's top hospitals by *U.S. News & World Report*, and designated as a Magnet® Hospital, University of Wisconsin Hospital and Clinics offers challenge, growth and a unique opportunity to use your knowledge and experience to the fullest. We are currently recruiting for a Clinical Addictions Counselor.

Under the direction of the Adolescent Alcohol Intervention Manager of the University of Wisconsin Hospital and Clinics-Adolescent Alcohol/Drug Assessment Intervention Program (UWHC-AADAIP), the Clinical Addictions Counselor will provide in-home and office based AODA/mental health treatment services with adolescents and their families. The treatment provided is an evidence based model, Multi-Dimensional Family Therapy (MDFT). Participation in an extensive training and certification program in the evidence based Multi-Dimensional Family Therapy (MDFT) model is provided and a requirement for the position.

**Minimum Requirements**

Qualifications include a Masters Degree in Mental Health, Social Work, or a related area. One (1) year experience working with adolescents and their families is required. Certified Alcohol and Drug Counselor (SAC, SAC-IT, or CSAC) or comparable specialized license upon hire required.
