Position Description
Tellurian, Inc. is seeking to fill the position of **Clinical Supervisor** located in Madison, WI.

Mission
Tellurian’s mission is to provide essential social services to individuals with mental health, substance abuse or co-existing conditions, in addition to providing services to the homeless with mental health and/or substance abuse problems.

Position Overview
The Clinical Supervisor is responsible for the clinical services provided to patients of the program. The position is also expected to support the Human Service Clinicians with delivering comprehensive and individualized clinical care. The Clinical Supervisor works within a treatment team to provide patients with clinical and supportive social services designed to effectively treat AODA and mental health disorders. The Clinical Supervisor develops and implements the clinical focus of our mission to manage, motivate and follow through with patient treatment planning and clinical services.

Essential Functions
- Provide weekly group and individual supervision
- Provide clinical services to patients, including some or all of the following: intakes, assessment, referral, treatment planning, case management, crisis intervention, group, individual, and family therapy, education, and aftercare planning. In addition, refer patients to community resources where appropriate.
• Explain the scope of the agency’s services and discuss the patient’s rights and responsibilities in relation to their use of such services.
• Provide clinical reviews and extension requests for funding sources
• Work with individual patients by reviewing their social situations as necessary, and recommend modification of the original treatment plan as indicated.
• Maintain case records, correspondence, reports and other records as required by state regulation.

Requirements
• Master’s Degree in Psychology, Social Services, or related field and three years paid professional experience as a counselor
• Intermediate or Independent Clinical Supervisor or Clinical Supervisor in Training Certification required
• Clinical Substance Abuse Counselor certification by Wisconsin Department of Safety and Professional Services
• Mental Health Licensure (licensed professional counselor, social work license, or marriage and family)
• 3-5 Years of AODA Service Provision Experience Required

APPLICATION PROCEDURE:
Please apply on this website. Your application will be received by the hiring manager, who will contact you for an interview.

Position must pass a criminal background check and be free of offenses prohibiting employment under HSF12 at the time of employment, and annually thereafter.

Tellurian UCAN is an equal opportunity employer who fully and actively supports equal access for all people regardless of race, color, religion, gender, age, national origin, veteran status, disability, genetic information or testing, family and medical leave and sexual orientation. We prohibit retaliation against individuals who bring forth any complaint orally or in writing, to the employer or the government, or against any individuals who assist or participate in the investigation of any complaint, or otherwise oppose discrimination.
