Rape Crisis Center, Inc. (RCC), serving Dane County, Wisconsin and located in Madison, is seeking a full-time time Director of Education and Outreach Programming (DEOP) to manage all agency prevention, outreach, education and risk-reduction programming and staff. As Dane County’s only 24-hour sexual assault victim support agency, RCC, founded in 1973, promotes hope, help and healing for those harmed by sexual violence and strives, through education and outreach, to create social change to end sexual violence.

The DEOP is responsible for managing all education staff and activities within RCC including but not limited to prevention education in schools and in the community, professional development training, outreach education and Chimera™ risk-reduction. The DEOP stays current in sexual violence prevention research; develops programming in response to community need; assists with grant development; measures and reports program outcomes; conducts professional training and primary prevention education; works in collaboration with community partners to sustain the inclusion of racial and gender equity in education and outreach initiatives and is responsible for ensuring that departments goals are met each year. This position is supervised by the Executive Director. Medical and dental health insurance available.

A successful candidate will hold a Bachelor’s degree in the field of Education, Public Health or related fields with a Master’s Degree in Public Health or related field preferred; have a minimum of two years of management and supervisory experience and the ability to manage complex projects and multiple staff; possess demonstratable experience in the field of education or training, and curriculum development. The right candidate will have the ability to build strong relationships and effectively communicate with a diverse range of audiences and communities; experience with intersections of oppressions including gender identity and race; and a strong understanding of sexual violence and related issues. Preference will be given to qualified candidates who are bilingual in Spanish and English and who have experience with statistical evaluation particularly within Epi-Info systems.
