Infant Mental Health Specialist

Child Welfare

We are currently seeking an experienced human service professional to fill the position as an Infant Mental Health Specialist. Candidate must have knowledge of Infant Family Mental Health principles and practices while also showing an understanding of current educational best practices related to infants/toddlers and families. Candidate must also be able to gather observational data in developing and evaluating the effectiveness of instructional strategies, in the form of developing family plans, carrying out meetings, and representing the Agency at Safe Babies Court on a frequent basis. Position requires candidate to understand and articulate a vision that works to promote safety, well-being and permanency for all children, while also coordinating services for children and families. Effective communication through verbal, non-verbal and written work must involve the timely exchange of accurate and relevant information. Position requires any combination equivalent to a Master’s degree, including courses to meet Wisconsin Infant Mental Health Specialist’s requirements. A BSN with infant mental health experience is also accepted, along with a minimum of three (3) years of professional experience in pediatrics working with infants and children with special healthcare needs. One year of experience in Child Welfare preferred. Applicant must have own transportation, meet agency auto insurance requirements, have a valid driver’s license and the ability to work a flexible schedule that includes frequent travel.

Minority candidates are strongly encouraged to apply.

Interested parties should submit a cover letter and resume by logging onto our website www.sainta.org.
