Posting

Are you energetic, compassionate and well organized? Do you thrive in a busy environment and enjoy being part of an inter-disciplinary team? We are recruiting a Social Work Care Manager for our Partnership Program and are seeking motivated individuals with strong assessment and critical thinking skills to work in a managed care environment.

Excellent opportunity for Certified/Licensed Social Workers to work in a friendly and collaborative work environment! Master’s prepared recent graduates encouraged to apply.

This position works within an interdisciplinary team model and partners with members to manage their complex medical and psychosocial needs in creative ways in order to support their independence. Based on the social worker’s comprehensive assessment, this position utilizes clinical expertise through interventions such as behavioral care plan development and crisis management and prevention.

This position helps manage member’s care needs in a care management environment. As part of the care team, the social worker ensures services are provided in a manner that is equitable and sustainable with emphasis on promoting member empowerment and community involvement through development of informal support networks as well as coordination of services through various providers.

Requirements:

1. Candidates must be certified/licensed as a Social Worker in WI AND
2. Candidates must be either Master's prepared with one year of experience working with our populations OR Bachelor's prepared with three years of certified social work experience, including one year of experience working with our populations.
