and the UW System Board of Regents on behalf of the University of Wisconsin-Madison School
of Social Work, for the provision of a Social Work Title IV-E Traineeship in Public Child

upon the continuation of federal and state funding. The Title IV-E Training Program in Public
Child Welfare at the UW-Madison School of Social Work is designed to educate and train BSW
and MSW social work students for preparation for employment in Public Child Welfare in the
State of Wisconsin.

The School agrees to provide the Trainee with the following:

   paid in 9 monthly installments or $6300 for trainees in their Advanced Practice year field
   placements paid in 9 monthly installments. Stipends are intended to support students
during their field years when paid work hours need to be reduced or eliminated. Trainees
   in a fully or partially paid Place of Employment will not receive a stipend for the

Appendix 1: Definitions

Academic Good Standing and Satisfactory Progress – The Graduate School sets minimum standards that all graduate students in the university must meet. The Graduate School Catalog, http://grad.wisc.edu/catalog, includes the Graduate School’s minimum degree requirements and Satisfactory Progress Criteria chart, as well as the School of Social Work's degree requirements and Satisfactory Progress Criteria chart.

Changes in Employment - This includes, but is not limited to the following: If a trainee voluntarily terminates her/his employment prior to completion of the payback requirement s/he must provide the Program Coordinator with documentation of the reasons for leaving such employment and immediately begin a new job search. The trainee is responsible for actively seeking out and accepting qualified new employment within a 90 day period and must provide the Program Coordinator with documentation of employment-related activities as outlined in the Job Search documentation requirement;

Extended Leave of Absence – An extended leave of absence requires that the Trainee be eligible to withdraw from the MSW program and be eligible to return in good standing within 24 months. Speak to an MSW Advisor for more details regarding withdrawal and returning. For the purposes of the Title IV-E Program, an Extended Leave of Absence will not extend beyond 24 months.

Equivalent of Full-Time Employment - Part-time work payback will be calculated to be a percentage of full-time work, extending the term of work payback. The percentage will be calculated by the Program, in coordination with the Trainee.

Job Search Documentation - The required documentation includes copies of all application letters along with completion of the IV-E Employment Activity Log, which must include a copy of resume, application letters, information on job applications, interviews, job offers, and acceptance or denial of positions, every 60 days after graduation until submitting documentation of accepting a qualified Title IV-E position. Additionally a release of information from contacted employers must be provided to the Program Coordinator upon request. The Employment Activity Log must be submitted to the Program Coordinator also upon starting a new position. Prior to accepting any employment, trainees must confirm with the Program Coordinator that the proposed employment meets the criteria for Title IV-E work payback including, if requested, providing a position description on letterhead with supervisor’s name, address, phone number and e-mail;

Payback Requirements - The day on which the trainee begins her/his employment is considered to be the date on which the “payback” portion of the IV-E contract commences. If a IV-E trainee is offered a IV-E position prior to graduation and the trainee accepts such a position, the work payback portion of the IV-E contract does not commence until the date of graduation; If trainee is currently employed in a Public Child Welfare position (CPS, Foster Care or Special Needs Adoption) at the time of graduation from the Child Welfare Training Program and intends to stay in their current position through their work payback period, the date of employment for Title IV-E work payback purposes is the date of graduation;
**Place of Employment** - A trainee employed in child welfare can request to have a field placement in their place of employment. Individuals in this placement must fulfill all of the terms and policies of a place of employment field placement as defined in the Part-Time Program Field Handbook and its supporting documents. Under certain conditions, the placement may be fully paid, partially paid, or unpaid by the employer.

**Traineeship-related activities** - Trainee Orientation, Child Welfare Dialogues, Outcome evaluation study and follow-up activities associated with these required events and other special trainings;

**Traineeship-related expenses** –Conferences or Program-related travel. Prior approval by Program Coordinator approval required for all expenses.
