Mental Health Clinician

Northwest Passage is a non-profit private organization providing residential treatment and comprehensive diagnostic services in three distinct program sites in Frederic, Spooner and Webster Wisconsin.

The Northwest Passage Assessment Center located in Frederic provides a nationally recognized 30-day mental health evaluation for male and female children ages 6 to 17.

Duties include:

- Performing comprehensive clinical assessments for school age youth and their families
- Integrate professional treatment and behavioral strategies within a multi-disciplinary team of professionals including full-time pediatrician, neuropsychologist, psychiatric nurse practitioner, psychiatrist, special education staff and direct care professionals
- Communicate effectively regarding treatment planning and intervention strategies for children and families, and enjoy a variety of challenges within a mental health organization committed to service quality within a context of openness and support.

Desired Skills

- Possess an affinity for viewing the whole child and assessing how systemic issues impact a child.
- Planning, implementing, and adjusting a course of treatment as required.
- Capable of holding appropriate boundaries with clients and their parents, have the ability to assess and interpret youth’s behavior, and the ability to make critical decisions based on input from multiple sources.
Salary range from $40,000+- other benefits include but are not limited to health/life insurance and opportunity for eligibility in federal student loan repayment program. Requires a Master's Degree.
