Job Announcement - Licensed Therapist

We're looking for a licensed therapist to provide individual and family therapy to children and families who are affected by childhood sexual abuse and trauma.

About us:

Canopy Center is a non-profit agency located in Madison, Wisconsin that provides services to children and families in our community impacted by trauma and adversity.

Our staff are a caring and compassionate group of social workers, therapists, advocates, mentors, fund-raisers, interns, and volunteers who not only fuel Canopy's mission, but also continue to help Canopy evolve and expand its reach through heightened awareness of the issues, continuing education, innovative problem solving, and relationship-building throughout the community.

Canopy Center's **Oasis** program is a therapeutic program and certified Mental Health Clinic serving children from pre-school through high school age who have been sexually, physically, and emotionally abused. Our mission is to help heal the trauma of abuse, promote safety and stability within the non-offending family unit, and foster skills to sustain healthy functioning and prevent further abuse. Our therapists utilize a wide range of trauma-sensitive experiential, expressive, sensory, and cognitive therapies; enabling them to adapt treatment to an individual child's strengths, developmental age, and emotional needs. Oasis also provides education, mentoring, and coaching to non-offending parents/caregivers and other family members to help them reinforce healing and protective strategies in the home and their community.

To support Canopy Center's mission, Oasis is committed to the professional growth and sustainability of our therapists. The program provides trauma-informed clinical supervision, mentorship, and opportunities for continuing education.
